**Store Policy**

**Sizing** – Your size will be ordered according to the manufacturer's size chart. The size will be determined by your measurements at this time using the largest measurement given to us to determine your size. This is **not** a custom fit.

**Alterations:** You may need alterations to assure a perfect fit. If you choose to have Poffie Girls do your alterations you **must** call and make an appointment with our alterations department. There will be a **charge for alterations** based on what needs to be done. Poffie Girls is **not responsible for gowns that are too small, too large or not fitting properly.**

**Extra Charges:** Most manufactures charge extra for sizes 18 and over and for extra length (usually needed on anyone 5'8" or taller). This charge will be added to your account if needed.

**Cancellation** - Your purchase is a **final sale** and **cannot** be canceled or refunded. If the wedding is postponed or canceled, the gown is still yours. It must be picked up and paid for within **30 days** after the original wear date or it will become the property of Poffie Girls

**Shipping** – It takes approximately **12-14 weeks** to ship from the manufacturer. **The bride** will notify you when your gown arrives.

**Balance** – The balance of your account is due 30 days after the arrival of your gown, **before alterations**, or before leaving the store

*I authorize Poffie Girls to special order my gown and I understand the above policy*
